Re: Official statement regarding merger with CHBA

We would like to inform you all about the current situation regarding discussions about a merge between Coffs Harbour Basketball Association and Bellinger Valley Braves Basketball Association.

Both presidents have met once with a former representative from BNSW (Jeremy) at the Toormina Hotel in the early months of 2020.

Both presidents then met separately with BNSW CEO Maria Nordstrom on 27th November 2020 at Supply Cafe.

Besides these two meetings with BNSW representatives there has been no other correspondence or official talks that have taken place with any board members of CHBA regarding a merge.

Bellinger Braves Basketball have always been open to any discussions about a merger between both associations for the betterment of basketball in the North Coast region

Shane Dunlop

President

Belinger Valley Basketball Association
